

SOLID WASTE REMOVAL

For over 30 years, Dejana has been providing solid waste services to residential and commercial customers on the North Shore of Long Island. With thousands of satisfied residential customers, Dejana Industries is proud of its reputation for dependable curbside or rear-door residential collection.

We offer price quotes to all potential customers and our experienced staff can help you determine the optimal disposal and recycling solutions for your home, business, city, town or village. We're happy to provide services whenever you need them and will work around the clock for any job.

ADDITIONAL SERVICES & INFORMATION

Dejana's temporary container services include bins, roll-off containers and compactors in a variety of sizes to fit your every temporary waste collection need.

Perfect for construction and remodeling projects, demolition jobs, special events or any other short-term endeavor.

Dejana uses late model collection vehicles, an increasing number of which are powered by clean compressed natural gas (CNG). Our customer service staff is trained to provide you with results.
